

CRITTER WINES

PAIRING CRITTERS AND FINE WINES

SMALLEST

The smallest bird is the bee

hummingbird

which is 2.5 inches long (6.2 cm) weighing only 0.06 oz (1.6 g). Hummingbirds lay the smallest birds' eggs. They always lay 2 at a time, each the size of a person's small fingernail.

BIGGEST

The largest bird is the os-

trich. It can grow up to 9 feet (2.7 m) tall. The ostrich also lays the largest birds' eggs which are up to 4.5 x 7 inches (11 x 18 cm) across and weigh 3 lbs.

B IS FOR BIRD.....AND BUTTERFLY!

GET YOUR CRITTERWINES FROM DANIEL!

This is our mission: find, recommend and sell you the best small-production wines that you can't get from your local wine merchant. Tiny, new Napa Valley vintners come flocking to the store, asking us to taste then buy their wines. Our advantage to acquire these brand new Napa wines is priceless! For example, Paloma, Switchback Ridge and T-Vine Cellars were offered to Back Room Wines Owner/Winebuyer Daniel Dawson on first release before everyone wanted them. To learn more about us, how we choose the wines and how to find us, visit

BACKROOMWINES.COM.
